Protocols and Costs

Relationship or Connection.

Some relationship to the church/cemetery can affect the costs. This can vary enormously from inquiry to inquiry so may require an email/call to our WW admin. group to establish what that is. Once this is clarified, it is simply a question of informing the client of the protocols and the costs.

- **Baptisms.** These are generally quite straightforward, although there is no baptismal font at Waimeha West so some type of baptismal vessel needs to be brought along.

Unspecified donation to the priest, invoiced by the parish finance in advance.

- **Weddings.**

Must be performed by a priest. All applications need to be assessed individually by a priest.

Unspecified donation to the priest. invoiced by the parish finance in advance.

Booking of Plots in the Cemetery

This is a private cemetery, administered by the parish office, and there are very few plots left. It is not a public cemetery where anyone can book. Those who wish to purchase a plot **MUST** have a relationship with the church, verified through the Waimeha West Admin group. For the meantime, there is a limit of 2 on the number of plots that can be purchased by one person/family.

Application Form available:

On acceptance of your application by the WW Committee Members, you will be sent an invoice for your burial plot. On payment of the invoice your plot will be reserved.

Costs are tied proportionately to those of the local public cemeteries. Invoiced by the parish finance in advance.
